Chambersburg is a unique community. Chambersburg supplies more services than any other municipality in the Commonwealth of Pennsylvania. In addition to typical town functions, Chambersburg is Pennsylvania's only municipality supplying electric & gas. Chambersburg is 1 of 35 Boroughs to operate a municipal non-profit electric utility. Chambersburg is the largest municipal electric utility in the State, twice as large as the second largest, Ephrata, Lancaster County; and, the only one to operate generation stations. Chambersburg is 1 of 2 municipalities in PA to operate a natural gas utility. The other is Philadelphia, which does not operate an electric utility. Nationally, Chambersburg is 1 of 2,000 communities to have its own electric system and 1 of 800 communities to have a natural gas system but 1 of only about 50 to operate both. Chambersburg manages a regional water system, a regional sanitary sewer system (not through an independent Authority), and a new storm sewer utility; one of the first storm sewer utilities to form under the new Federal mandate to regulate stormwater. Chambersburg currently has 20,360 residents (2012). [www.chambersburgpa.gov](http://www.chambersburgpa.gov)
